

CAHPS Essentials: December 2009

Q2 2009 Data Submission ended on October 14, 2009. All patient records for April – June 2009 discharges were submitted to CMS through the QualityNet site.

December 2009 Preview Period Ended, Data to be Public Soon

The December 2009 Hospital Compare Preview Reports for the Hospital Quality Alliance (HQA) and Reporting Hospital Quality Data for Annual Payment Update (RHQDAPU) initiatives ran through November 4, 2009. Data is expected to be updated on Hospital Compare in mid-December.

HealthStream Is a Certified Home Health Care CAHPS Survey Vendor

The Consumer Assessment of Healthcare Providers and Systems (CAHPS®) Home Health Care Survey, hereafter referred to as the "Home Health Care CAHPS Survey" is designed to measure the experiences of people receiving home health care from Medicare-certified home health agencies. The Home Health Care CAHPS Survey will be conducted for home health agencies by approved Home Health Care CAHPS Survey vendors. The National Implementation of the Home Health Care CAHPS Survey with Medicare-certified home health care agencies began in October 2009 with home health agencies that wish to voluntarily participate in the survey. Home health agencies that participate in the national implementation will need to contract with an approved survey vendor to conduct the Home Health Care CAHPS Survey. Approved survey vendors will conduct the Home Health Care CAHPS Survey on an ongoing basis and submit data on a quarterly basis. Home Health Care CAHPS Survey results will be publicly reported on [Home Health Compare](#) once an agency has four quarters of data.

HealthStream Research has completed all requirements to become a certified Home Health vendor.

HealthStream Research successfully began Home Health data collection in October 2009. CMS is seeking hospitals to participate in modality testing. Please contact HealthStream Research at researchinfo@healthstream.com (or contact your Client Services Manager) if you are interested in participating in the modality testing.
